CMA's warranty applies to all equipment that has been unaltered, properly installed, and maintained in accordance with national and local codes, and also this equipment must be installed in accordance with CMA installation guides and instruction manuals, when installed within the United States.

CMA products are warranted to the Original purchaser only, to be free from defects in materials and workmanship under normal use and service for a period of one (1) year from the date of original installation, but not to exceed Thirteen (13) months from the date of shipment from the factory. This warranty does not apply to equipment damaged, altered, abused, or modified by an unauthorized or unapproved service agency nor does it apply to equipment with missing or altered serial nameplates or damages resulting from fire, flood, water, burglary, or acts of God.

CMA will not pay overtime, premiums, or emergency service charges without prior authorization from CMA. This includes the use of genuine CMA factory specified replacement parts, purchased directly from CMA or an authorized parts distributor or service agency. The use of generic replacement parts will void this warranty certification.
